Dylan Williams, Cartersville GA - Class of 2013

Muscle Shoals, GA July 2010
ABR USSSA All American Games Regional Tryout
Top 15u Prospect List. (TOP PROSPECT)

Dylan Williams – AA Games second year selection and 15U participant awed in Alabama last month as an opposing dual threat. Williams who stands 6'3" with a baseball lanky frame put on a show for scouts and spectators in the outfield and on the hill offensively. Williams was bringing the ball home from RF with a radar velocity of 87mph and was in the mid 80's off the mound. A very impressive tailing fastball that got on batters quickly and a curve ball that had batters ducking for cover. In the morning session Williams, because of size and strength threw to the 17's and 18's giving up one hit and came back in the afternoon to throw to his own age group not giving up so much as a hit. Williams also crushed the ball in the cage with wood and had a very impressive oppo shot off of an opposing 17u pitcher

Williams will be on display at the 2010 USSSA All American Games August 12th - 15th as he Journey's to the Dream in Orlando at the Houston Astros Complex. "I've" tried to work hard this summer and Coach Nelson and Coach Bach at NBS have really helped me take my game to the next level" said Williams." I owe a lot to them all look forward to the Games this year. It's a great experience in Orlando and I plan to be on the USSSA ALL American Team next year.

Williams plays for Cass High School and is a projected Sophomore Varsity starter and plays his summer ball for Nelson Baseball School out of East Cobb / Acworth, GA.
